Note: The giclee process is not an exact reproduction. Giclee printing is a simulation and a margin of colour inaccuracy is to be expected in any kind of digital simulation. We always assume responsibility for human error but may not be held to account for "simulation" inaccuracy out with the scope of the human process.

Supply of digital artwork: Print Paradox are not liable for the printed quality of supplied digital artwork. If any modification is required to produce acceptable print reproduction, we may charge £25.00 per hour.

Acceptable File Formats: Tiff, EPS, High Quality PDF, PS, High quality JPEG all at 300dpi or better

Colour parameters are: Adobe RGB (1998) or Euroscale CMYK
